Mr. Navratan Prajapati 28 years old from the city Jaipur, Rajasthan is started his career by making pics of Ganesh Ji in his school days on plain papers. His name is entered in the record for creating the smallest lantern ever made by an individual. He has also been honored by Limca Book Of Records 2006 for this achievement. His lantern speak volumes about his creativity with unique measurements of 2.3 c.m. only. Then he started his career as artist who want to do somethig special among the moorti makers. Then PINK SQUARE CERTIFICARE, UNIQUE WORLD RECORD, GUINNESS WORLD RECORD and many more achieved by Sh. Navratan Prajapati.

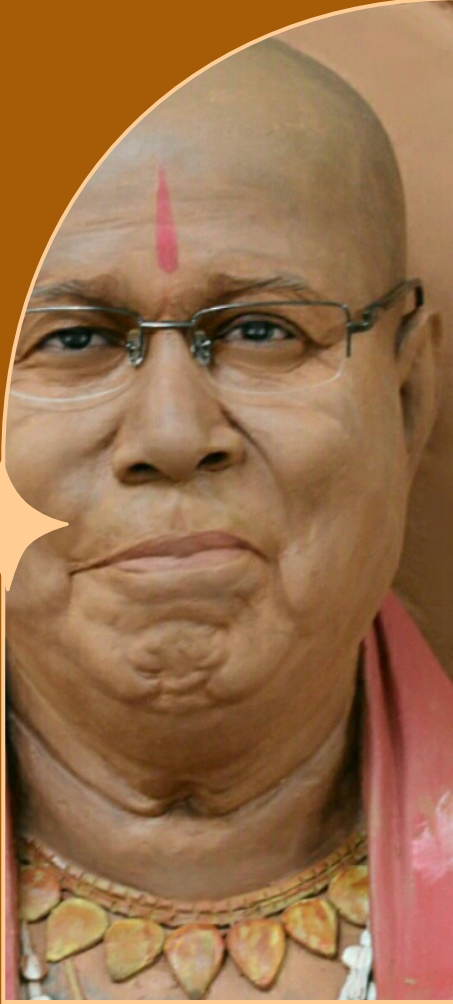

ARTS

# Navratan Arts

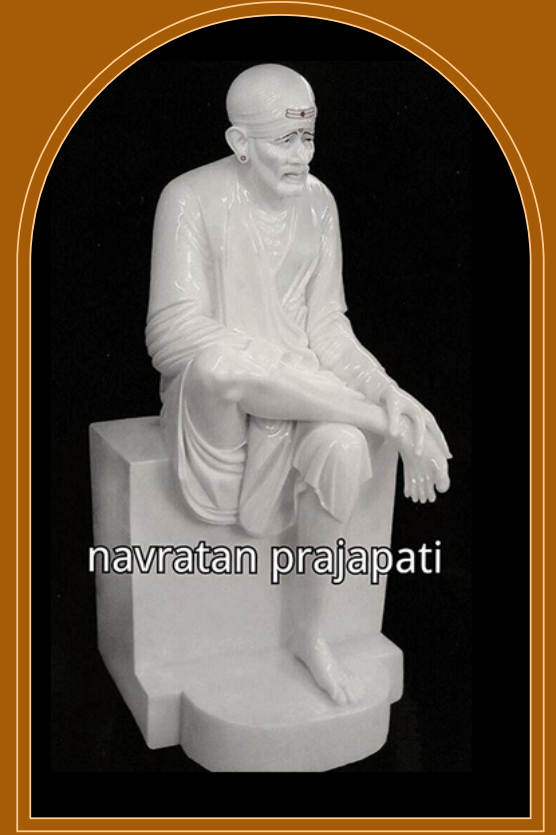

# Clay Art

Clay is very fine particles of dirt which float in a stream or river and then sink to the bottom, where they press on each other and stick together. You generally find clay along the banks of a river or stream, wherever the river is pulling dirt down off the mountains or hills and dropping it in a quiet part of the river lower down.
